Update the operating system and applications of your mobile devices (e.g. smartphone, tablet and notebook computer) and keep a backup before travelling

Enable screen lock on your devices with strong password, fingerprint or facial recognition

Enable the “Find My Device” (Android) / “Find My iPhone” (iOS) function

Stay vigilant before scanning any QR codes, and make sure it is from a trusted source

Avoid using public Wi-Fi, computers or charging facilities

Do not share your current location on social media platforms

Do not click any suspicious links or download any suspicious attachments

Do not leave your devices unattended in public places
